

and Thomas, 1994). Cases have been categorized along the following dimensions:

tall around North Cape and reached the Northern Dvina (Angashok). Thus, he discovered the way from Norway to the supposed to be the first stage of the North Eastern Passage.

Otar the Viking was the first to reach the White Sea and described its fabulous coastal life in verse.

100

In 920 Eric Bloody Axe sailed to the Northern Drains region and devastated the lands along its banks.

*Fossil man, dated 180,000, believed to be a member of *Homo heidelbergensis* has been found in a cave in the south of France.*

Vikings under Harald Gory Cheek, Thorer Dog and others always found great loot in the Russian North.

Their sagas offer accurate accounts of those lands.

Spinal view, dated 1932,
seen from aboard the "Hawaii
Amulet" (a large replica
ship in Bergen, Norway).

They were nervous and silent, and
and waiting, hoping that some day

Pulse beans, which are the symbol of healthy peas of ancient farmers, will have their significance with us in future.
